Attachments: ICR G version 13 Clean.docx

It looks like my changes to the supporting statement didn't upload to SharePoint, so I'm attaching the version that has corrected formatting. Sorry about that!

Here you go – typesetting request and RQL; the supporting statement, the FR coversheet, the action information form, and the outlook item has John's signed version of the FRN but it won't let me save it without eliminating his signature so I'm attaching it.

thanks

Ok. Looks like I'll have to route through CMS.

Can you send me what you want me to load into CMS.

Thanks.

Antonio

Antonio,

Janita wants this memo to come through CMS with everything else in a package. She wants it all in one place.

Thanks!

Mike

So I spoke with John Goodin about this.

He recognizes that this is a new element in the routing, especially for ICRs.

But he does want to make sure that Dave Ross et al are good before we forward to the AA-OP.

What's the best way to handle this:

- 1) Should I just send you the approved 2020 Action Information Template as an attachment?
- 2) Or do you want it uploaded to CMS and routed to the OW-IO? Do you have CMS access? Do you interface frequently with Wanda Fields or Sineta Brown?

Let me know what works best for you.

As for Teddy and Eric, I believe all I have to do on that front is just upload the Action Info Template to the FR Dailies for review of the package.

Just want to clarify something.

Do we need a transmittal note from the OD to the AA on ICRs and the 2020 Action Information Template?

I see that the Action Information Template is loaded by me into the FR Dailies....but do we need an OD to Dave Ross transmittal for approval before loading?

We have an ICR ready to go so need your clarification.

Thanks.

Antonio

FYI – starting today all FRNs will need prior approval by OP AA before submission to OFR

Subject: Additional information to be included with ALL DOCUMENTS sent to OP for submission to the Office of the Federal Register

RSC and RRC Members:

To manage the flow of documents submitted to OFR to address the current backlog of FRNs submitted for publication, all FRNs will need prior approval by OP AA before submission to OFR. To that end, we will require additional supportive information on all FRNs. Beginning on **November 9th** until further notice, OP is asking that offices provide additional information with **ALL DOCUMENTS**, not just final rules, sent to OP for submission to the Office of the Federal Register.

Offices should complete the attached action information template and submit it electronically on FR Dailies. Failure to provide this will result in a delay in submitting your document to the Office of the Federal Register.

Action requested: Please distribute this email as needed throughout your office or region.

If you have any questions, please feel free to contact me or Melissa Kramer.

Best Regards,
Mary
